RE: Homeowner Opposition to SB 934

Dear Senator Jones:

As an owner and resident of a manufactured home, I am writing you to express my opposition with the current version of SB 934 by Senator Bennett regarding Mobile Homes. The legislation currently is in the possession of the Regulated Industries Committee. The FMO and their representatives, including Ms. Nancy Black Stewart, don't speak for me!!! Now that this group allows themselves to be controlled by the park owners and developers, they no longer truly represent the homeowners and residents of our community. We have stopped paying dues to them in an attempt to keep them from using our hard earned money against us!

This legislation, SB 934 by Bennett doesn't help create a fair balance between the rights of the park owners and the rights of the homeowners. If you care to have specifics please let me know and I will gladly provide you with my thoughts. There are other bills out there, which are true attempts at fairness and actually help manufactured homeowners...this bill, SB 934, is not one of them.

Again, I urge you to truly represent me and those of your constituents who own manufactured homes by opposing SB 934 at this time.

On behalf of manufactured homeowners, thank you for your consideration.

Sincerely,

Your Name and Signature

RE: Homeowner Support to HB549 and SB1482

Dear Senator Jones:

As an owner and resident of a manufactured home, I am writing you to express my support with both HB549 and SB1482 sponsored by Representative Detert and Senator Fasano. Hundreds of us living in mobile/manufactured home parks around the state strongly urge you to support both bills. This legislation is imperative to the continued the vitality of our park and our unique way of life. We appreciate your efforts on behalf of Florida's senior citizens who reside in the state's numerous mobile/manufactured home communities.

We believe the components of these bills are long overdue as we seek to provide a fair and equitable balance between us as park residents and those who own the parks. These changes will begin the process of putting park residents on equal footing with other common interest ownership communities such as condominiums, co-operatives, timeshares, and homeowners' associations.

Thanks again and you can count on us to provide you with the assistance necessary to move this legislation during the 2006 Session. We are a grateful and motivated grassroots network; and, if we can be of assistance in contacting various members of the Legislature, please do not hesitate to call on us.

Sincerely,

Your Name and Signature
