Re: Proposed Legislation S.B. 0934

Dear Senator Bennett:

I/we the undersigned ask you to retract S.B. 0934 that you are sponsoring for the FMO and Park Owners Association.

I/we feel that with FMO joining the opposition – they have sold us out. “Us” being Manufactured/Mobile home Owners in Parks on rented land in your District and throughout Florida.

While on the surface, parts of 0934 look good, in depth the bill is very poor in benefits to us.

In turn we ask you to support Rep. Nancy Deterts’ House Bill 549 and Senator Fasanos’ Bill S.B. 1482. These Bills truly helps us in District 21 as well as all of Florida.

For your information FMO is in deep decline, loosing thousand of members. Why they have chosen to self destruct? New organizations of manufactured/mobile home owners are starting up all over Florida. The purpose is to replace FMO who has failed us and defeat S.B. 0934.
